on

PROJECT NO. DGS C-0199-0038 PHASE 001

PROJECT TITLE - Belmont Lake Dam - Belmont Lake Dam Upgrades

PROFESSIONAL:

Schnabel Engineering, LLC
3 Dickinson Drive
Chadds Ford, PA, 19317

If you submitted a bid prior to this Addendum being issued, your bid has been discarded and you must re-submit your bid(s) prior to the bid opening date and time.

ADMINISTRATIVE CHANGES – ALL CONTRACTS

Item 1 - **Bid date is extended to July 16, 2024 at 2:00 PM.**

Item 2 - The contractor may not run construction equipment over the dam crest.

Item 3 - Pennsylvania Fish and Boat Commission will address the beaver dam prior to construction.

Item 4 - The minimum required bypass flow is 1,200 GPM daily with the ability to provide up to 2,500 GPM between July and September. Coordination with the hatchery will be required.

SPECIFICATION CHANGES – ALL CONTRACTS

Item 1 - Specification 01 55 00- Construction Access Paragraph 1.3 A shall be revised to read as follows:

A. Where existing park access roads and parking areas are available, they may be utilized by the Contractor after proper coordination for their use with the Department and Client Agency. After the completion of the Project, the existing park facilities used for project access and equipment/material delivery by the Contractor or his subcontractors shall be left in equal or better condition than existed at the start of the Project. Contractor shall document the condition of the access roadways, with photographs or video, prior to the start of construction. Roadways shall only be repaired to existing condition. If complete replacement of paved access road is determined to be necessary the roadway cross-section shall meet the requirements for a low volume roadway, per PennDOT.
